„Are you biased?”  
Date: Thursday 28th May, 2020.  
Time: 5.00 p.m. CEST  
Duration: 60min

Katarzyna shared her point of view on important topics related to human communication. Is it right to judge people when you see them for a few seconds? Do you know what bias is? Should we question our instincts? We dugged deeper and explored our communication issues on May 28th during live webinar led by Katarzyna Suska – ALTEN Expert.

We highly recommend to watch Katarzyna's webinar. It's covering important issues noticeable in software development related to AI and face recognition.
